Plan For NQEC 2007!

November 11-13, 2007

Connecting Results to Excellence

NQEC is an outstanding opportunity for educators seeking awareness, commitment, refinement and measurable progress through continuous improvement approaches and processes.

This year's NQEC will feature a revitalized format, including three dynamic keynote presentations, 42 in-depth sessions, five half-day workshops, and an all new counsel from the experts!

Learn best practices in leadership, strategic planning, stakeholder expectations, information management, process management and more.

[Convince Your Boss You Should Attend](#)

New This Year! **Counsel from the Experts**

You've read their books, listened to them speak, and heard their successes...now is your chance to interact with them on a personal level.

As an attendee you will have the chance to sign up for a private session with one of the leading experts in continuous improvement. Experts who have collectively helped hundreds of schools and districts successfully implement a system of continuous improvement nationwide.
